**SCOTT'S SLOUGH.** Jerry Becker presented a timeline of the events on Scott's Slough for the past several years and it's clean out. He stated that the Scott's Slough cleanout was a success. He also stated that the Texas crossing on his property was engineered by Interstate Engineering and was put in at the correct depth.

Becker requested that the Board remove the words "Becker's dike is gone" from the October 8, 2025, board minutes.

Becker stated that the Texas crossing wasn't a "dike" and it shouldn't be addressed as one.

Becker also requested that the Board remove the motion from the November 13, 2024 board minutes to not undertake any further work or clean-out in Sections 22 and 23, Township 147 North, Range 66 West, until the District has been paid for legal fees and clean-out costs.

Motion by Zink that the Board amend its previously approved minutes of the meeting held on October 8, 2025, to delete the words "Becker's dike is gone" from the section titled "Scott's Slough." Bachmeier seconded the motion and with all present in favor, the motion carried.

Attorney Van Bruggen reported that rescinding the Board's motion from its November 13, 2024 meeting related to clean-out work nullifies that motion, which would restore the Board's discretion to proceed with work or clean-out activities in said sections if the Board deems such work appropriate.

Motion by Bachmeier to rescind the Board's motion adopted at the November 13, 2024 meeting, which directed that the District shall not undertake any further work or clean-out in Sections 22 and 23, Township 147 North, Range 66 West, until the District is made whole for incurred expenses related to legal fees and clean-out costs. Zink seconded the motion and with all present in favor, the motion carried.

**CONFLICT OF INTEREST – TILE PERMITS.** Rinke Noonan has a potential conflict of interest representing the Water Resource Board on permit applications adverse to Ellingson Companies. Rinke Noonan presented a letter as to why it would be possible for the Board to agree to a waiver of Conflict. The waiver would be ongoing and remain in effect until the District revokes the waiver, which they may do at any time. Bachmeier made a motion for the board to waive any potential conflict of interest with Ellingson companies going forward. Zink seconded it. All in favor. Motion carried.

**RINKE NOONAN PROPOSED RATE INCREASE.** A letter from Rinke Noonan in regards to the proposed rate increase for 2026 was distributed to board members. The current rates have been in place since 2023. Zink made a motion for the board to approve the rate increase for Rinke Noonan services. Bachmeier seconded the motion. All in favor. Motion carried.
