Summary Page For BIRTSELL

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 0.00 **Total Woodland Acres:** 0.00

Summary Page For BORDULAC

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 489.45 **Total Woodland Acres:** 0.00

Summary Page For BUCEPHALIA

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For CARRINGTON

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Non-Ag Acres:** 0.00 **Total Non-Tillable Acres:** 0.00 **Total Commercial Acres:** 2.00
****Total Exempt Acres:** 0.00 **Total Woodland Acres:** 0.00

Summary Page For EASTMAN

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For ESTABROOK

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For GLENFIELD

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For HAVEN

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 640.00 **Total Woodland Acres:** 0.00

Summary Page For LONGVIEW

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 618.59 **Total Woodland Acres:** 0.00

Summary Page For MCHENRY

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 0.00 **Total Woodland Acres:** 0.00

Summary Page For MCKINNON

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For MELVILLE

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For NORDMORE

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

****Total Exempt Acres:** 480.00 **Total Woodland Acres:** 0.00

Summary Page For ROLLING PRAIRIE

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For ROSE HILL

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.

Summary Page For WYARD

* The totals in the "Excluding Exempt Properties" row do NOT include Parcel Class "EX" property values in any of the calculations.

If you do not have any values on exempt properties, the results in both rows, for the most part, may appear to be the same.

This additional row of information has been added to this report for some counties, which have value assessed on exempt properties.

NOTE: True-Full values on Exempt "EX" parcels are different than Exemption Detail Records -- which are not included in True-Full values.

** The summary information showing Total Acres for Agricultural Land, on this report, are grouped based on Parcel Class...

Total Ag Acres = "AG" Parcel Class with Ag Acres

Total Non-Acres = "NA" Parcel Class with Ag Acres

Total Exempt Acres = "EX" Parcel Class with Ag Acres

NOTE: These acres may also include acres from Parcels, which have Zero amounts for assessed values.
